MIDDLE ATLANTIC MOTOCROSS ASSOCIATION “MAMA”

2017 is the 42nd season for MAMA, a non-profit youth motocross organization.

The organization is run by an all-volunteer Board of Directors, and is dedicated to providing the very best in youth motocross racing.

Throughout this racing season, the Board hopes that all members will learn and grow as a result of the time spent at our events. MAMA races are known nationwide for the high quality standards upheld.

Sportsmanship, caring, understanding and fairness, traits we all should foster, are priorities at MAMA. By providing the youth of our area the safest, most organized motocross races possible, we invest in today's youth in hopes of a better tomorrow.

The rules of competition are intended only as a guide for the conduct of the sport pursuant to uniform rules. Rules related to safety are made to make everyone concerned with safety. However, the MAMA neither warrants safety if the rules are followed nor compliance with the rules. Moreover, each participant in competition has the responsibility to assess the safety aspects of facilities and conditions, and must assume the risk of competition.

All races are sanctioned through the AMA.

MAMA...Racing into the future!

2017 Fees and Dues

Item	Fee(s)	Notes
Gate Fees	\$15 if you come in Friday or Saturday. If you leave the track Saturday night within 2 hours of the final moto, you will turn in your wristband at the gate and receive \$5 back. Sunday will be a \$10 admission. Non-Racers 12 and under are FREE (SEE NOTES)	PLEASE NOTE that Gate fees are non-refundable. When you get your wristband at the gate, PLEASE PUT IT ON!!!!!!!!!! Whether you arrive Friday, Saturday or Sunday, you will be required to pay gate fee. If a rider is under 12, you must still pay gate fees – all members of your party must be signed in on the waiver forms at the gate by an adult.
MAMA Membership Card (Good for 2017 Season)	\$40	A MAMA/D7 membership card is required if you would like considered for year-end awards. This includes 125A, 250A and Open A. MAMA Membership's must be obtained by July 18 th no memberships will be granted after this date.
MAMA Non-Racer Membership	\$10	This will allow you to continue your longevity with MAMA if you're unable to race. It also gives you an opportunity to be part of this organization without having to race. We are looking to have a couple members' only events this year with prizes being offered.
AMA Membership Card A valid AMA membership is REQUIRED for anyone who signs up to practice or race!	\$49/year \$20 for a one-day AMA membership	Visit the AMA website to renew or apply for a new AMA membership - www.amadirectlink.com . If you apply over the internet, please print out a copy of the confirmation and bring it with you to the track until you receive your new AMA card. If you renew your card and the AMA assigns you a new member number, please be sure to let us know so you points can be combined!
Race Fees Please be sure to BRING YOUR RIDER TO SIGNUP WITH YOU. This is an AMA rule also!	\$40 \$50 - A Class Signup (125A, 250A, Open A) 100% Payback \$50 – 25+ 80% Payback \$40 – Senior Open, Super Senior Open and 50+ 80% Payback	Friday night (optional – check when you get to the track) Saturday – 6:30-8:30 a.m. Sunday - 6:30-8:30 a.m. (See note below regarding LATE sign up fees) We have kiosk signup available for all those who have a valid AMA membership card! Please take advantage of this much quicker sign-up process! It not only speeds up the lines, but also gets us racing sooner!!! Payback classes - No Rain Checks or Points Cards can be used for signup – NO rain checks will be issued for these classes – NO EXCEPTIONS!!!!
Late Sign-up Fees	\$10 Per Rider	Please make every effort to sign-up during hours listed above. Late sign-ups cause delays in getting racing started on time.
Pit Pass Fee	\$10 Annual Fee	Please see page 15 regarding Pit vehicle rules. Medical pit passes are available at all tracks upon request. See Security for Pit Passes.
Transponder Rental Fee	\$15 MAMA Members \$20 Non-Members	MAMA uses transponders for electronic scoring. In order to race, you will need to have a transponder. A driver's license or AMA card must be held when you rent the transponders – it will be returned when you return the transponder at the end of your race day.
Returned Check Fee	\$25

OFFICIAL DUTIES AND POWERS

- A. **Referee:** The referee of all meets shall be a member-in-good standing of the Association. The Referee shall be the principle officer of any meet and shall set as general supervisor of all affairs, but shall not attempt to carry out the duties of any other official of the meet.

The duties of the Referee shall include the following:

1. Receive all protests and render decisions thereon.
2. Render all decisions on disqualification of riders, and disqualify any rider who violates any of the rules of the meet of the Association.
3. Give complete instructions on the starting rules to all riders. This shall include information on the flags.
4. Determine if scorers, timers, umpires, flagmen, etc, are ready and in place before starting the meet.
5. The Referee is also empowered to measure motor displacement of all place winners, (not an individual motor unless protested), in any meet held under Association sanction. The Referee reserves the right to designate another person to measure motor displacement. Any rider refusing to allow his/her motor for measurement automatically disqualifies himself/herself for that day's meet.

- B. **Umpire:**

The duties of the Umpire shall include the following:

1. Umpires shall operate under the discretion of the Referee.
2. Inspect the track prior to an event and recommend changes to the Referee.
3. Flag off the course any disqualified riders and otherwise direct the progress of the meet with flags as instructed by the Referee.

- C. **Scorer:**

The duties of the Scorers shall include the following:

1. Exhibit a list of all events.
2. Keep a complete record of moto finishes in all events and administer points.
3. Provide a scoring station at the proper place on the course.
4. Ensure all necessary materials are provided for proper scoring.
5. Advise the Referee when scorers are ready.

- D. **Sign-up:**

The duties of the Sign-up Coordinators shall include the following:

1. Receive all entries and check rider's membership cards.
2. Maintain class entry information for use by Referee and President.

- E. **Security:**

The duties of Security shall include the following:

1. Security will determine off track situations and report to the Referee with these situations.

2. Security may be assigned by the Referee to watch the progress of the meet and report any refraction to the Referee.

F. **Head Flagger:**

The duties of the Head Flagger shall include the following:

1. The Head Flagger reports directly to the Referee.
2. The Head Flagger is responsible for assuring adequate flaggers are stationed during an event.
3. Instructs the flaggers on their responsibilities.
4. Stage riders for motos, position riders at starting gate. Set the gate and operate the start. Committee personnel may assign alternate personnel to carry out these duties.

G. **Admissions:**

The duties of the Admissions shall include the following:

1. Collect gate fee and signature from all that attend.
2. Go through pits each day, make sure every vehicle has stickers.
3. Collect Releases from front gate, make sure filled out turn into Referee by end of Sunday.
4. Turn in money along with unused stickers tickets and wristbands by end of Sunday evening to Treasurer.

H. **Trophy Administrator**

The duties of the Trophy Administrator shall include the following:

1. Order and maintain trophy inventory
2. Distribute trophies and points cards during race weekends

RIDERS AND ELIGIBILITY

- A. All riders in MAMA sanctioned events are required to hold a valid AMA membership. All riders that wish to be eligible for year-end awards must also be members of MAMA/D7. Only MAMA members will receive points towards year-end awards. Membership in MAMA is for the calendar year January 1st to December 31st. A Member's age as of January 1st of the racing year will determine the age group for racing. A rider may move up to an older age classification when eligible, but may not return to the younger class. Rider may not run 2 different age groups.

1. To be eligible for year-end awards, a rider must ride in 2/3rds of the total amount of races for that reason in THAT particular class.

- B. Parent, legal guardian or authorized adult must be present at sign-up and remain present at all times during participation in any MAMA sanctioned event. **An "Authorized Adult"** is any person 18 years of age or over, including the parent or legal guardian who is given the responsibility of a minor on a given day. **If this person is not the parent or legal guardian, 2 notarized letters giving responsibility of the minor must be brought to sign-up (one to turn in at signup – and one to hold in case the rider needs to be transported to a medical facility). The release must be RACE and DATE specific, signed by the parent or guardian, AND NOTARIZED. Please see sample of acceptable letter, approved by the AMA, to be used when signing up a child for whom you are not the parent or legal guardian at the back of this book.**

1. A NOTARIZED AUTHORIZATION (see above) SIGNED BY THE RIDER'S PARENTS OR LEGAL GUARDIAN IS MANDATORY FOR **EACH** RACE IF THE PARENT OR LEGAL GUARDIAN IS NOT PRESENT.
2. Proof of ID may be required at Sign-up.
3. **It is the rider's duty to enter the class in which it is legal for him/her to ride.** ENTRY INTO A CLASS DOES NOT NECESSARILY MAKE A RIDER LEGAL FOR THAT CLASS. An entrant can be protested by another entrant for riding in a wrong class. Responsibility for meeting specifications rests with the individual rider. **Knowingly signing up for a class in which you are not legal to ride may result in suspension of your AMA card.** Check the MAMA website www.mamamx.com to see if you or your rider advanced after the 2016 MAMA season.

If you ride a 125cc or above in the 250 or Open classes, please double check the AMA website to see if you were advanced by the AMA:

[AMA Racer Advancement and Appeal - American Motorcyclist Association](#)

Notice to Racers:

Riders who are aware of specific errors in the results reported to AMA Racing, resulting in a mistake in their classification advancement, are encouraged to bring those specific errors to the attention of AMA Racing. In the case of erroneous results, e-mail the following information to mxadvance@ama-cycle.org:

Name

- AMA number
- Rider status and date advanced shown in Motocross Results Center
- Daytime phone number
- E-mail address
- The details of the specific error

- C. No distinction of events or activities shall be made upon the basis of race, color, creed, sex or national origin. All participants in activities shall compete under the same rules and in the appropriate classes as determined herein.
- D. The rider should be of sufficient size to be able to maintain safe and proper stability and control of the machine at all times. This includes stopping or other such items as it may be necessary to put one or both feet on the ground.
- E. The Head Referee shall have the responsibility and final authority to change a member's classification because of his/her abilities.
- F. Immediate interpretation of the rules will be made by the Referee of the meet.
- G. Rider (or their parent or guardian) is responsible for proof of age at all MAMA events.
- H. Absolutely no phone calls will be made to confirm authorization to sign for a rider.

FOR ANY RULES NOT COVERED ABOVE, PLEASE SEE THE 2017 AMA MOTOCROSS RULEBOOK

[Motocross Rules - American Motorcyclist Association](#)

MEET AND ENTRANT RULES

See the 2017 AMA Motocross Rulebook for all rules not listed below:

Special Note: The American Motorcyclist Association doesn't set engineering and design standards or inspect tracks used in AMA sanctioned standard events. Participants are solely responsible for their safety at AMA-sanctioned meets and should assess their own ability to negotiate each individual track or course. Participants who doubt the competence of track officials, have concerns about the safety of the course, or their own ability to negotiate the course, or are uncertain about the condition of their vehicle, or doubt the competence of fellow competitors, should not participate and should request the return of their entry fee before competitive activity begins.

A. General Rules of the Meet

1. Every club, association, organizer, rider and all other persons participating in, or connected with, any meet are bound by these rules. Recognized districts must submit any supplementary rules to the AMA for approval.
2. No stylized jumping contests will be allowed before, during or after AMA-sanctioned meets without approval from the AMA.
3. No gambling is permitted at any AMA-sanctioned meet, and it is the responsibility of the organizer and referee to strictly enforce this rule.
4. At any meet, except sidecar events, the following applies: The motorcycle must meet the class requirement for engine size. All classes need not be run in any given meet. However, all classes to be run must be listed on any advance advertisements.
5. At any meet if there are five or more entries for any class, that class must be run. If there are more than five but fewer than 12 riders in each of any two consecutive classes, these classes may be run at the same time (for separate prizes). In any advertised class with fewer than five entries, the class must be run, scored and awarded but may be combined with a similar ability or equipment class. Sidecar entries must be a minimum of six AMA members and three sidecars. Minicycles and motorcycles may not race or practice on the track or course at the same time.
6. With AMA permission, a standard meet may run in conjunction with a professional meet. At meets where spectator admission is charged, an entry fee may be charged in addition to the admission fee.
7. At meets where the organizer is supplying medical insurance for the riders, they may collect an additional fee for this service. The organizer must display at sign up a sign stating, RIDER MEDICAL INSURANCE TODAY, in 3-inch-high letters. All other meets should be recognized as not having rider medical insurance.
8. In addition to the classes described in this rule book, organizers may organize, advertise and conduct limited classes in any type of AMA competition. Limited motorcycles (as described in Section 1.2) are subject to inspection, and any deviation will result in the motorcycles being assigned to other categories or disqualified.
9. AMA Grand National-, Superbike- or Pro Expert-licensed riders aren't eligible to enter any Amateur National Championship meet.
10. A rider who earns a national number may begin using the number immediately and until the succeeding year's event where the national number was earned.

B. Youth - General Rules of the Meet

WARNING: Motor vehicle mishaps, in competition or otherwise, can result in injury or death. Minors without parental consent or supervision should never use motor vehicles.

1. Youth meets must be conducted according to the rules in this rule book. Any variations aren't allowed without the written permission of AMA Racing.
2. All classes to be run at a meet must be listed in advance advertising and posted in a prominent place at the entry desk. All classes advertised must be run if there are five or more riders for that class.
3. When there are fewer than five riders per class, they may be advanced to the next higher class and scored separately. If there are more than five but fewer than 10 riders in each of two consecutive classes, the two classes may be run at the same time (for separate points and trophies).
4. Two riders may use the same motorcycle, provided they are entered in different classes (e.g., an 85cc limited motorcycle ridden in the 9-11 class and 12-13 class) and the classes aren't advertised to be run together.

C. Race Rules

1. On the day of a meet, no one except riders officially entered may ride or practice on the racing course. Riding on the course is prohibited except during events and scheduled practice sessions.
2. The motorcycle at the starting line for the rider's first moto is considered the qualified motorcycle for the meet in that class. Only the motorcycle that is considered the qualified motorcycle will be allowed on the track for a sighting/parade lap. In any case, a rider is not allowed to switch motorcycles after the start of sighting/parade lap.
3. A rider may use any referee approved device, such as blocks or small platforms, to raise the level of his/her feet at the start of an event so long as the device(s) are removed immediately after the start.
4. Practice or warm up is limited to the designated area identified by the organizer. Competitors riding, or allowing their motorcycles to be ridden, outside these boundaries will be excluded from the meet.
5. A rider must be ready when called to the starting area. Two minutes are allowed after the starters call to make minor repairs for mechanical issues.
6. Except in a designated mechanic's area, no adjustments, repairs or refueling may be done during a moto. A rider, however, may do such work anywhere on the course without assistance and using only parts or tools he may be carrying himself. Once an event has started, any change of motorcycle is forbidden. A rider will be disqualified from the moto for disregarding this rule.
7. A rider whose motorcycle becomes disabled before he reaches the finish line may, without assistance, push or carry the motorcycle (in the direction of the track) across the finish line to receive the checkered flag. At the referee's discretion, the rider may be instructed to leave the track at the nearest exit point, and will be considered to have completed the event, provided he has completed at least 50 percent of the number of laps as the winner.
8. If a rider stops for any reason during an event, he/she must restart without any outside assistance. However, if a rider falls, blocking the course and endangering other riders, he/she may receive help or have his/her motorcycle pushed off the course. The referee may allow for outside assistance for 0-51cc class riders. For other minicycle class riders, the referee may allow for outside assistance when adversely muddy conditions exist. In all cases this must be done without interfering with competition. An attempt to help under any other situation will result in the rider's disqualification.

9. A rider leaving the course must re-enter at the same point or at the first point where he/she can safely, without interfering with other riders and without gaining an advantage. A rider who fails to do so may be docked at least one finishing position for the moto at the discretion of the referee.
10. A competitor who rides in a way that endangers officials, other riders or the public will be subject to immediate disqualification from the meet by the referee.
11. When entering or leaving the pits, a rider must use designated entrance and exit lanes. Failure to do so may result in disqualification.
12. The referee may decide the maximum number of riders who start any event. Starting riders will be those who qualify as a result of time trials or qualifying heats. If heat races are used, a rider must start a heat to qualify for the final event.
13. An event stopped by the referee before 60% of the race is completed (rounded down to the nearest whole number of laps) the race will be re-started from the beginning. Riders may make minor repairs and adjustments at the starting area only. Any race start or re-start will be considered an official part of the event. Therefore, any infraction will be deemed valid and ruled upon accordingly. An event stopped by the referee after 60% of the race is completed (rounded down to the nearest whole number of laps completed) the race will be considered complete and will be scored from the last completed lap scored prior to the red flag being displayed.
14. No entrant will be eligible to enter more than four classes during a single-day meet. For meets that run more than one day, riders may enter up to six classes.

D. Additional Rules:

1. If a rider or its guests, pit crew etc. has numerous offenses within any given area of this rule book, when on or off track, the incidents can and will be combined. You are responsible for all family members and crew members. If you, any family member, or any crew member repeatedly violate any of the rules stated herein, you AND/OR that family member or crew member will be subject to the following: 1st offense of ANY rule, you will be given a verbal warning by a board member, with at least one other board member present, and will receive the punishment stated for violating that rule; 2nd offense by you, your family member, or your crew member of ANY rule, you will again be given a verbal notice, followed by a certified letter mailed to your home outlining the first two offenses; 3rd offense by you, your family member, or your crew member of ANY rule, you will be asked to leave the property for the remainder of that weekend's event. Please remember that once your wristband has been removed (which it will be in this case), and your gate fee refunded, you are considered trespassing and may be removed by law enforcement officials if you refuse to leave the property. After your removal from the track, you will receive a second certified letter at your home stating your penalty. The head referee, security, and executive board may and will impose consequences for these infractions to include up to a one year ban from any MAMA event.
2. Infractions of the rules on any day of a race weekend will be punishable by the standards set in the matrix in this document. The Rider is responsible for all his family members. All decisions are at Referees/Umpires discretion and will be deemed final.
3. **The referee shall have the authority to declare a race complete after one moto when conditions warrant. Any class that is unable to complete their second moto will receive points based on their finish in the first moto only.**
4. There will be **NO REFUNDS** after practice has started. There will be **NO CASH REFUNDS!** If MAMA cancels a race before practice has started on race day, a rain check will be issued with your tech slips or kiosk receipt **ONLY**. Season pass holders do not get race rain checks. **GATE FEES ARE NOT REFUNDABLE.**

5. The Rider is responsible for making sure they come to the starting line with their working MYLAPS transponder on their bike. If you do not have it, you may not be scored for that moto. All riders and spectators must have their wristbands on at all times. If you are caught without one, you will be required to purchase a new one. If you are racing, you will be required to show your wristband to the staging person **before** you are permitted to move to the starting line. **THIS WILL BE REITERATED AT THE MANDATORY RIDERS MEETING EACH WEEK, and hopefully will become second nature so that you don't have to be reminded of the policy.** You will be given one warning. We cannot allow you on the track without a wristband for insurance purposes. Your wristband is our guarantee that you have signed the release and are, therefore, insured to be on the track that day. **THANK YOU FOR YOUR COOPERATION.**
6. ALL vehicles (car, truck, RV, trailer) must also have a sticker on it. This indicates that you have paid your gate fee for that particular vehicle. These stickers serve as a second check for us to guarantee that you have signed a release and are therefore insured to be spectators at the track that day. Thank you for your cooperation.
7. Friday night curfew will be 11:00 pm and Saturday night curfew is 10:00 pm. Children 17 and under must be with an adult 21 years of age or older after such time. Curfew time = Quiet time.
8. Pit riding, practicing more than the scheduled practice or entering the racetrack at a non-designated area could result in the rider facing disciplinary actions.
9. Because MAMA is a youth organization; the Board encourages no open alcoholic containers on race day.
10. No pets are allowed past fenced in areas of the track. Pets are the owner's responsibility please keep them on a leash and clean up after them.
11. **Rules not covered in this book, refer to the 2017 AMA Motocross Rulebook.**

AMA is monitoring off track incidents as well as on track incidents

**All Decisions Are At Referee's/Umpire's Discretion.
Rider Is Responsible For All Members Of Their Families And Guests**

PIT VEHICLES

At **SOME** tracks, we will allow pit riding, according to the rules listed below. The decision on which tracks we are able to allow pit riding depends on the track owner. If they do not allow it, MAMA cannot allow it either.

Please see Security regarding pit vehicles and obtaining a pass to ride one:

- All pit vehicles must have a Pit Pass Sticker (\$10)
- Riders are responsible for all members of their party while at the track.
- Anyone riding a pit bike, golf cart, 4-wheeler, or a scooter, a helmet is SUGGESTED!
- Insurance is highly recommended!!!!
- Riders must be at least **14** years of age. Riders under the age of 18 must wear a helmet and Parent must be present to obtain pass. (ID WILL be required!)
- Vehicles will be put away at DUSK.
- No pit bikes or other pit vehicles are allowed on the track – PERIOD!!!! **This INCLUDES during the 50cc class.**
- MAMA is not responsible for theft or damage to pit vehicles!
- No double riders.
- Must be a pit bike, golf cart, four-wheeler, or scooter. If the scooter has valid tags, it's considered a motor vehicle, not a pit vehicle, and cannot enter authorized pit vehicle areas, without prior authorized approval from the Referee or Security.
- No racing of pit bikes in the pits – FIRST GEAR or 5 MPH!!!
- If you abuse this privilege, YOU WILL LOSE YOUR PIT PASS AND WILL **NOT** GET YOUR MONEY BACK!

PROTESTS, CLAIMING AND OFFENSES

For Protests and Claiming issues, see the 2017 AMA Motocross Rulebook.

EQUIPMENT

A. Equipment Standards

See the 2017 AMA Motocross Rulebook, pg. 19, Section C.

B. Competition Apparel

1. Protective pants made of leather or other durable material and long sleeve jerseys must be worn.
2. When a riding jersey or other apparel is used for rider identification, it is recommended that an 8-inch-high number be on the back, and the number be of contrasting colors. Boots must be worn

in all meets. They must be at least 8-inches high with any combination of laces, buckles or zippers, or specially designed and constructed for leg and foot protection.

3. It is recommended that riders use the available protective equipment (i.e. gloves, chest protector, neck brace and knee braces) to help protect against the possibility of injury.
4. All riders must utilize a shatterproof face shield or shatterproof goggles.
5. Wearing of Helmets: It is mandatory for all participants taking part in practice and competition to wear a full face protective helmet. The helmet must be properly fastened, be of a good fit, and be in good condition. The helmet must have a chin strap type 'retention system'. The helmet must conform to one of the following recognized standards and have a label affixed certifying its approval:

USA: Snell M2010 or DOT FMVSS 218

6. MAMA uses MYLAPS transponders for electronic scoring. In order to be scored for your moto, you will need to have a transponder. Transponders must be on each rider's bike. If you ride more than one bike, please be sure to switch your transponder to the correct bike before your moto. You cannot run more than one transponder PER RIDER. ***Hand-scoring is for backup purposes only.*** If you do not have a transponder or it is not working properly during your first moto, there will be a note next to your name on the posted results for that moto. ***IT IS YOUR RESPONSIBILITY TO CHECK YOUR RESULTS AND TO SEE IF THERE IS A NOTATION ABOUT YOUR TRANSPONDER!!! PLEASE*** come see scoring and we will gladly check your transponder for you. If there's an issue with your transponder, we are happy to swap it out for a working one, but YOU HAVE TO MAKE THE EFFORT to let us know this information. ONE rider not having a working transponder can cause MAJOR issues for scoring the entire moto. If we make a note regarding a non-working transponder after the first moto and the rider makes no effort to correct this, you may not be scored for the second moto. We will be keeping track of those riders that have transponder issues. If you repeatedly do not use a transponder, or make no effort to have yours checked for problems, you will no longer be scored for your motos, nor will you be eligible for contests which award prizes for fastest lap times. Transponders can be purchased at <http://www.mxtransponder.com> or you can rent one from MAMA with an AMA card or Driver's License being held until the transponder is returned at the end of your race day. Transponder rental fee is \$15 for MAMA members and \$20 for non-MAMA members. ***These are the SAME transponders being used at the Loretta Lynn's Regional qualifiers and the Amateur National, as well as the Mini O's in Florida, and a lot of other major national events. Please make it a habit to wear a working transponder – if you go to these big events and ride your motos without it, you just wasted a whole lot of money because you will NOT be scored there.***

RIDER CLASSIFICATION

- A. Combined classes will be scored and issued trophies separately and may at the sole discretion of the Referee be staggered.
- B. Class breakdown will be determined on race day by MAMA officials.
- C. Advancement points will accumulate in each class separately.

- D. No more than one (1) rider classification will be permitted in the 250 and Open classes. However, in the youth classes, riders may hold different classifications. MAMA allows a rider to drop back one class when advancing to the next bike size (i.e. you can be a 60B rider and an 80C rider). In the case of the 50cc classes, a rider may be eligible to drop back 2 classes (if you ride 50A, you may ride 60C) because the rider is going from a non-shift bike to a clutch. If riding in a 60 class and an 80 class, the rider may be no more than 1 classification apart. i.e., If you run 60A you must ride 80B or higher.
- E. Any rider advancing on a larger wheel size must also advance on the smaller wheel bike. However, those advancing on a smaller wheel size will not be forced to advance on the larger wheel size.
- F. Any rider advancing from 80 9-11 to 80 12-15 must advance to the same classification (i.e. A/B/C). No 150s are allowed in the 80 9-11 class. In the 80 12-15 classes, 150s may ONLY be ridden in the A or B class – NO 150s allowed in C class. In the Mini Women Open and Support classes, a rider must be 12 to ride a 150.
- G. The D Class is a beginner class and you must be a beginner rider. You also must have a 1 on your AMA Card. If you have previously raced in the C class with any other AMA-sanctioned organization, you are not allowed to sign up for the D Class. Once you race C class, AMA classifies you as a C rider. It isn't a place to plan on winning a championship. No Sandbagging: If it is determined by MAMA staff or the event Referee that you were a more advanced rider than you thought, you will be immediately advanced. This decision is at the sole discretion of the Head Referee.

NUMBER PLATE COLORS

It is recommended that number plate colors be as follows:

A CLASS	WHITE PLATE	BLACK NUMBERS
B CLASS	YELLOW PLATE	BLACK NUMBERS
C CLASS	BLACK PLATE	WHITE NUMBERS

RIDER PERFORMANCE VALUE (RPV)

MAMA will be using the same system that AMA uses for determining whether a rider should advance from one class to another. This is called Rider Performance Value. RPV Advancements will take place after the 3rd completed race and end after the 7th completed race of the MAMA series, subject to change if any races are cancelled.

In general, Rider Performance Value of 15 or higher will require an individual to advance to the next level. C to B or B to A. RPV is calculated using the AMA approved RPV point table. All points are added up and then divided by the number of races a rider scored points in. This will provide the RPV. After a rider has completed 3 events in the calendar year, they are eligible to be advanced if their RPV is 15 or higher.

1. No rider in the Open or 250 class will be required to advance during the year. However, if a rider is determined to have knowingly ridden in the wrong class, you can be advanced to the next level. See *Rider Classification, Section G regarding advancement of Open D riders.*
2. All other classes that are advancement classes (50 A/B; 60 A/B/C; 80 9-11 A/B/C; 80 12-15 A/B/C; Mini-Women Open/Support; Women Open/Support; Senior Open/Novice; and Super Senior Open/Novice) will have their RPV calculated after they have participated in 3 events in that class. At that time it will be determined whether the rider should advance. This process will continue until the 7th race of the year.
3. Seniors, Super Seniors, and Women will be placed in the appropriate class based on their AMA classification. However, if they do not have an AMA classification, they will be placed based on their RPV from last year: 15 and up to Open, 11-14 to Support and 10 and below to Novice. If you are a new rider, or do not have an AMA classification and did not race with MAMA last year, you may choose which class to enter. However, you will not be allowed to move backwards once you have selected a class.
4. Three or more riders will constitute a class for the purpose of advancement points. Two riders are required for one trophy and plate points. No riders may be moved to a higher class to form the class.
5. A rider must attend a minimum of 8 races in their class or a combined total of 8 races in the lower class and the equivalent advancement class to be considered for year-end awards. Example – 80's 9-11 A, B or C. As long as you run 8 races in that 80 9-11 class your classification does not matter. The final championship positions will be determined from among the eligible riders who participate in the 2/3rds (or 8 races) MAMA events. If an event is cancelled, it will be treated as a "non-event". Specifically, it may not be used in any manner to determine a rider's point standings. Tie breakers will be determined by the number of first place finishes followed, by the number of seconds, thirds, and so on until the tie is broken. All motos will be used to calculate the number of first place finishes for tie breakers.

One trophy for every 3 riders, up to 10 trophies only. You can also choose to get "MAMA Bucks" instead of a trophy for up to the top 3 positions. Please see below on how to obtain and use your MAMA bucks:

Once you have received your MAMA Bucks card, you can cash them in with any of the regular MAMA vendors, or they can be used for gate fee, race or practice signup fees, t-shirt purchases, or for your banquet tickets at the end of the year. You will need to be on the final result list to receive MAMA Bucks. All MAMA Bucks issued during the 2017 race season EXPIRE DECEMBER 31, 2017!!!!

All 50-class riders who do not qualify for a trophy will receive a participation award!! Plaques may also be substituted for trophies! All trophies available on race day only unless you make other arrangements with the trophy administrator.

A rider who completed fewer than half the number of laps of the winning rider, or didn't take the checkered flag (**DNF**) receives points corresponding to the total number of riders entered in the class with a minimum of 20 points. A rider who didn't complete one lap (**DNS**) will receive a score equal to the total number of riders plus 30 points. Riders that did not finish or didn't complete one lap will be shown on the score sheet as a DNF and DNS. No riders will be allowed to make up lost laps after the checkered flag. Race results that have a DNF or a DNS overall finish are NOT to be used for purposes of calculating a rider's advancement RPV.

DSQ - "Disqualified" - Does not count for determination of the number of riders in the class for point calculation or trophy package. No points will be received by a rider who has been disqualified. Points will not be awarded when a rider has a DNF, DNS, or DSQ finish in their moto.

OFFICIAL FLAGS

- | | | |
|-----------|---|---|
| Green | - | Start of the race; Race is a GO. |
| White* | - | One lap to go to finish. This is a courtesy flag and may not always be given. |
| Yellow | - | Caution danger on track. Caution must be taken and NO PASSING OR JUMPING is allowed until hazard is passed. MAINTAIN POSITION. |
| Red | - | Race is stopped; report to starting line at once. |
| Black | - | Individual rider shall stop and report to the Referee at once |
| Red Cross | - | Caution – danger on track. Indicates that medical assistance is needed or is on the track. SLOW DOWN AND MAINTAIN POSITION WITH NO PASSING OR JUMPING ALLOWED IN THIS AREA. WATCH FOR MEDICAL PERSONNEL AND DOWNED RIDERS. |
| Checkered | - | Finish; end of race. Please note that since MAMA uses Trackside transponder scoring, the finish will be determined AT THE TRACKSIDE CABLE, which may or may not be EXACTLY where the finish-line flagger is positioned. We will make every effort to make it clear WHERE the cable is buried so you will know where the actual finish line is. |

***White Flag is a courtesy flag and may not always be given**
